Chairman's statement

The results for the twelve months ended 29 February 2008 show a loss before tax of £53,564 (2007: £57,975 loss).

The company had cash at bank and in hand of £480,247 at the balance sheet date.

At this time we do not consider it appropriate to declare a dividend.

During the year the company has continued to keep expenditure to a minimum in order to preserve cash resources.

The directors continue, for the time being, to waive the majority of their fees.

During the year, your directors have examined a small number of propositions but unfortunately, none were deemed suitable to put to the shareholders. However, we are currently in discussions with a possible target and, if these progress satisfactorily, we will notify shareholders as soon as possible.

A H Drummon

Chairman

Directors' remuneration report

Introduction

The information included in this report is not subject to audit other than where specifically indicated.

Remuneration committee

The remuneration committee consists of the non-executive directors, Howard Drummon and Edward Levey. This committee's primary function is to review the performance of executive directors and senior employees and set their remuneration and other terms of employment. Since the disposal of its trading subsidiary on 24 January 2001, the company has only had one executive director and no senior employees.

The committee is also responsible for administering any share option scheme or bonus schemes. The only such scheme in place is the Executive Share Option Scheme, which has been approved by HM Revenue & Customs. Options in respect of 60,000 shares at an exercise price of 50p per share held by ex-employees, expired on 24 January 2002. There are currently no options granted and no directors hold share options.

The remuneration committee determines the company's policy for the remuneration of executive directors, having regard to the Directors' Remuneration Report Regulations 2002 (Schedule 7A of the Companies Act 1985) and The Combined Code on Corporate Governance and its provisions on directors' remuneration.

The remuneration policy

It is the aim of the committee to remunerate executive directors competitively and to reward performance.

Details of the remuneration packages of individual directors are set out below.

There are currently no share options, long term incentive plans, performance bonuses or pension schemes in place.

Performance graph

As required by the Directors' Remuneration Report Regulations 2002, the following table includes a performance graph comparing, over the last five financial years, the Total Shareholder Return of an ordinary share in Highway Capital plc against the Total Shareholder Return of the FTSE All-Share Index. The remuneration committee considers the FTSE All-Share Index to be an appropriate comparator for Total Shareholder Return performance.

Approval by shareholders

At the next annual general meeting of the company a resolution approving this report is to be proposed as an ordinary resolution.

This report was approved by the board on 27 June 2008 and signed on its behalf by:

A. H. Drummon

(Remuneration Committee Chairman)

Corporate governance

The policy of the board is to manage the affairs of the company in accordance with the 2006 Combined Code on Corporate Governance.

Application of principles of good governance

Board of directors

The board currently comprises the two independent non-executive directors. The articles of association require a third, but not greater than a third, of the directors to retire by rotation each year. Throughout the year the non-executive Chairman has been Howard Drummon, and the senior independent director has been Edward Levey. Since the disposal of the company's trading subsidiary on 24 January 2001 the company has not had a Chief Executive. The board intends to appoint a Chief Executive when a new business is acquired.

Edward Levey was previously an executive director of the company and, in addition to his non-executive director's fee, currently has a rolling one-month consultancy agreement with the company. The board regards Edward Levey as fully independent in character and judgement.

There are regular board meetings each year and other meetings are held as required to direct the overall company strategy and operations. Board meetings follow a formal agenda covering matters specifically reserved for decision by the board. These cover key areas of the company's affairs including overall strategy, acquisition policy, approval of budgets, major capital expenditure and significant transactions and financing issues.

The board has delegated certain responsibilities, within defined terms of reference, to the audit committee and the remuneration committee as described below. The appointment of new directors is made by the board as a whole.

During the year ended 29 February 2008, there were 10 formal board meetings, 1 audit committee meeting and 1 remuneration committee meeting. All meetings were fully attended.

The board undertakes a formal annual evaluation of its own performance and that of its committees and individual directors, through discussions and one-to-one reviews with the Chairman and the senior independent director.

Audit committee

The audit committee currently comprises the two non-executive directors and is headed by Howard Drummon, the Chairman. The committee's terms of reference are in accordance with The Combined Code on Corporate Governance.

The committee reviews the company's financial and accounting policies, interim and final results and annual report prior to their submission to the board, together with management reports on accounting matters and internal control and risk management systems. It reviews the auditors' management letter and considers any financial or other matters raised by both the auditors and employees.

The committee considers the independence of the external auditors and ensures that, before any non-audit services are provided by the external auditors, they will not impair the auditors' objectivity and independence. During the year non-audit services totalled £12,975 and covered normal accounting and taxation compliance work, which did not impact on the auditors' objectivity or independence.

The committee has primary responsibility for making recommendations to the board in respect of the appointment, re-appointment and removal of the external auditors.

Remuneration committee

The remuneration committee currently comprises the two non-executive directors and is headed by Howard Drummon, the Chairman.

Corporate governance continued

The committee's primary function is to review the performance of executive directors and senior employees and to set their remuneration and other terms of employment. It is also responsible for administering any share option and bonus schemes.

Relations with shareholders

The company encourages two-way communication with both its institutional and private investors and responds quickly to all queries received.

Internal controls

The directors are responsible for internal control in the company and for reviewing its effectiveness. Procedures have been designed for safeguarding assets against unauthorised use or disposition; for maintaining proper accounting records; and for the reliability of financial information used within the business or for publication. Such procedures are designed to manage rather than eliminate the risk of failure to achieve business objectives and can only provide reasonable and not absolute assurance against material error, losses or fraud. In addition, there is an ongoing process in place for identifying, evaluating and managing the significant risks faced by the company.

The key procedures that the directors have established are designed to provide effective internal control within the company and are regularly reviewed by the board. This is in accordance with The Turnbull Guidance provided by the Institute of Chartered Accountants in England and Wales. Such procedures have been in place throughout the period under review and up to the date of approval of the annual report and accounts.

Due to the size of the company, all key decisions are made by the board and the assessment and management of risk is an integral part of the board's decision-making process.

The company's organisational structure has clear lines of responsibility and the board continues to review systems to monitor and investigate the major business risks facing the company.

The board has established control procedures for all key financial areas of the business, which enable the board to maintain full and effective control. These controls include defined procedures for seeking and obtaining approval for major transactions and controls relating to the security of assets. The company operates a comprehensive budgeting and financial reporting system.

The directors have reviewed the effectiveness of the company's systems of internal control as they operated during the period under review and consider that there have been no material losses, contingencies or uncertainties caused by weaknesses in internal controls. The directors do not consider that an internal audit function is presently necessary as the company is a "cash shell".

Going concern

After reviewing the company's budget for 2008/2009 and its medium term plans, the directors consider that the company has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the accounts.

Statement of compliance

In the opinion of the directors, the company has complied throughout the year ended 29 February 2008 with all relevant provisions set out in Section 1 of The Combined Code on Corporate Governance, except for the items outlined below.

Code provision A.1.5 – During a short part of the year only, the company did not have in place insurance cover in respect of legal action against its directors.

Code provision A.2.1 – Since the disposal of the company's trading subsidiary on 24 January 2001 the company has not had a Chief Executive. The board intends to appoint a Chief Executive when a new business is acquired.

Code provision A.4.1 – A nomination committee has not been set up, as the directors consider that it is not appropriate while the company is a "cash shell" without any employees. The board intends to set up a nomination committee when a new business is acquired.

Directors' responsibility statement

Company law requires the directors to prepare accounts for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss for that period. In preparing those accounts, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- follow applicable accounting standards, subject to any material departures disclosed and explained in the accounts;
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors confirm that they have complied with the above requirements in preparing the accounts.

The directors are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the accounts comply with the Companies Act 1985. They are responsible for the system of internal control, and for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities. The directors are also responsible for ensuring that all information relevant to the audit has been made available to the auditors.

The above statement should be read in conjunction with the statement of the auditors' responsibilities set out on page 11.

Independent auditors' report **to the members of Highway Capital plc**

We have audited the accounts of Highway Capital plc for the year ended 29 February 2008 on pages 13 to 22. These accounts have been prepared under the accounting policies set out therein. We have also audited the information in the directors' remuneration report that is described as having been audited.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the annual report, the directors' remuneration report and the accounts in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the statement of directors' responsibilities.

Our responsibility is to audit the accounts and the part of the directors' remuneration report to be audited in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland). This report is made solely to the company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

We report to you our opinion as to whether the accounts give a true and fair view and whether the accounts and the part of the directors' remuneration report to be audited have been properly prepared in accordance with the Companies Act 1985. We report to you whether in our opinion the information given in the directors' report is consistent with the accounts. We also report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

We review whether the corporate governance statement reflects the company's compliance with the nine provisions of the 2006 Combined Code specified for our review by the Listing Rules of the Financial Services Authority, and we report if it does not. We are not required to consider whether the board's statements on internal control cover all risks and controls, or form an opinion on the effectiveness of the company's corporate governance procedures or its risk and control procedures.

We read other information contained in the annual report and consider whether it is consistent with the audited accounts. This other information comprises only the directors' report, the unaudited part of the directors' remuneration report, and the Chairman's statement. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the accounts. Our responsibilities do not extend to any other information.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounts and the part of the directors' remuneration report to be audited. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the accounts, and of whether the accounting policies are appropriate to the circumstances of the company, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the accounts and the part of the directors' remuneration report to be audited are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the accounts and the part of the directors' remuneration report to be audited.

Independent auditors' report continued

NOTES

1. A member entitled to attend and vote at the meeting may appoint another person(s) (who need not be a member of the Company) to exercise all or any of his rights to attend, speak and vote at the meeting. A member can appoint more than one proxy in relation to the meeting, provided that each proxy is appointed to exercise the rights attaching to different shares held by him.
2. A proxy does not need to be a member of the Company but must attend the Meeting to represent you. Your proxy will vote as you instruct and must attend the meeting for your vote to be counted. Details of how to appoint the Chairman or another person as your proxy using the proxy form are set out in the notes to the proxy form. Appointing a proxy does not preclude you from attending the Meeting and voting in person. If you attend the Meeting in person, your proxy appointment will automatically be terminated.
3. A copy of this notice has been sent for information only to persons who have been nominated by a member to enjoy information rights under section 146 of the Companies Act 2006 (a "Nominated Person"). The rights to appoint a proxy can not be exercised by a Nominated Person: they can only be exercised by the member. However, a Nominated Person may have a right under an agreement between him and the member by whom he was nominated to be appointed as a proxy for the meeting or to have someone else so appointed. If a Nominated Person does not have such a right or does not wish to exercise it, he may have a right under such an agreement to give instructions to the members as to the exercise of voting rights.
4. If a member is a corporation, this form must be executed either under its common seal or under the hand of an officer or agent duly authorised in writing. In the case of an individual the proxy must be signed by the appointor or his agent, duly authorised in writing. To be valid an appointment of proxy must be returned (together with any authority under which it is executed) to the Company's Registrars not less than 48 hours before the time of the meeting.
5. All members of the company are urged to complete and return the attached form of proxy as soon as possible.
6. The following documents will be available for inspection at the registered office of the company on any weekday (except Saturday) during normal business hours from the date of the issue of this notice until the date of the annual general meeting and, at the place of the meeting, for a period of 15 minutes prior to the annual general meeting and during the meeting.
 - (a) The register of directors' share interests containing the information required to be maintained by statute in relation to transactions of each director in the share capital of the company and of the interests of each director in share options and warrants;

7. Pursuant to regulation 41(1) of the Uncertificated Securities Regulations 2001 (2001 No. 3755) the company has specified that only those members registered on the register of members of the Company at 6 pm on 26 August 2008 shall be entitled to attend and vote at the AGM in respect of the number of Ordinary Shares registered in their name at that time. Changes to the register of members after 6pm on 26 August 2008 shall be disregarded in determining the rights of any person to attend and vote at the AGM.
8. In order to facilitate voting by corporate representatives at the meeting, arrangements will be put in place at the meeting so that
 - (i) if a corporate shareholder has appointed the Chairman of the meeting as its corporate representative with instructions to vote on a poll in accordance with the directions of all of the other corporate representatives for that shareholder at the meeting, then on a poll those corporate representatives will give voting directions to the Chairman and the Chairman will vote (or withhold a vote) as corporate representative in accordance with those directions; and
 - (ii) if more than one corporate representative for the same corporate shareholder attends the meeting but the corporate shareholder has not appointed the Chairman of the meeting as its corporate representative, a designated corporate representative will be nominated, from those corporate representatives who attend, who will vote on a poll and the other corporate representatives will give voting directions to that designated corporate representative. Corporate shareholders are referred to the guidance issued by the Institute of Chartered Secretaries and Administrators on proxies and corporate representatives (www.icsa.org.uk) for further details of this procedure. The guidance includes a sample form of representation letter if the Chairman is being appointed as described in (i) above.
9. As at 26 June 2008 (being the latest business day prior to the publication of this Notice), the Company's issued share capital consists of 7,945,638 ordinary shares. No shares are held in treasury. Therefore the total voting rights in the Company are 7,945,638.

NOTES

- Every holder has the right to appoint some other person(s) of their choice, who need not be a shareholder as his proxy to exercise all or any of his rights, to attend, speak and vote on their behalf at the meeting. If you wish to appoint a person other than the Chairman, please insert the name of your chosen proxy holder in the space provided (see above). If the proxy is being appointed in relation to less than your full voting entitlement, please enter in the box next to the proxy holder’s name (see above) the number of shares in relation to which they are authorised to act as your proxy. If left blank your proxy will be deemed to be authorised in respect of your full voting entitlement (or if this proxy form has been issued in respect of a designated account for a shareholder, the full voting entitlement for that designated account).
- To appoint more than one proxy you may photocopy this form. Please indicate the proxy holder’s name and the number of shares in relation to which they are authorised to act as your proxy (which, in aggregate, should not exceed the number of shares held by you). Please also indicate if the proxy instruction is one of multiple instructions being given.
- The ‘Vote Withheld’ option is provided to enable you to abstain on any particular resolution. However, it should be noted that a ‘Vote Withheld’ is not a vote in law and will not be counted in the calculation of the proportion of the votes ‘For’ and ‘Against’ a resolution.
- Pursuant to regulation 41 of the Uncertificated Securities Regulations 2001, entitlement to attend and vote at the meeting and the number of votes which may be cast thereat will be determined by reference to the Register of Members of the Company at 6pm on the day which is two days before the day of the meeting or adjourned meeting. Changes to entries on the Register of Members after that time shall be disregarded in determining the rights of any person to attend and vote at the meeting.
- The right to appoint a proxy does not apply to persons whose shares are held on their behalf by another person and who have been nominated to receive communication from the Company in accordance with section 146 of the Companies Act 2006 (“nominated persons”). Nominated persons may have a right under an agreement with the registered shareholder who holds shares on their behalf to be appointed (or to have someone else appointed) as a proxy. Alternatively, if nominated persons do not have such a right, or do not wish to exercise it, they may have a right under such an agreement to give instructions to the person holding the shares as to the exercise of voting rights.
- The completion and return of this form will not preclude a member from attending the meeting and voting in person. If you attend the meeting in person, your proxy appointment will automatically be terminated.
- To be effective, all votes must be lodged not less than 48 hours before the time of the meeting at the office of the Company’s registrars at: Capita Registrars, The Registry, 34 Beckenham Road, Beckenham, Kent BR3 4TU.
